

COX MAHON  
SPECIALIST INSURANCE BROKERS

# PRIVATE CLIENTS

# High Value Home Insurance

---

**Higher value and larger homes require more consideration when arranging their insurance cover. A standard "off-the-shelf" or online quotation will rarely provide the individual insurance cover, policy limits or flexibility that such homeowners require. A high net worth insurance policy benefits customers who have particularly valuable assets, such as a prestigious home, a collection of fine art, high-end jewellery and more.**

At Cox Mahon we know how important your home and possessions are and can provide high value home insurance tailored to you and your specific requirements. Our experienced team will work with you to understand your needs and put together the most cost effective solutions from our range of high calibre insurers.

## Fine Art & Valuables

---

**For individuals and families with valuable jewellery, watches, art or collections.**

At Cox Mahon we use our experience and knowledge to tailor insurance solutions which provide protection for your most valued possessions.

We work with quality insurers to make sure that should the worst happen and you need to make a claim, payments are made fairly and promptly.

## Travel Insurance

---

**Having spent time selecting your perfect holiday destination, you will need to ensure that your holiday insurance is suitable for you. Cox Mahon can assist and advise on the most appropriate travel insurance no matter where you are going in the world.**

Travel insurance can be bought online but such policies will often include cover exclusions (such as medical), clauses or limitations that may not be apt for you and your family.

The more exclusive holidays will generally require more benefits and a higher level of protection than a standard travel insurance policy. A tailored travel insurance policy will offer you an increased level of cover with higher limits and far greater protection.

An annual travel insurance policy can accommodate all overseas holidays, including business trips, and can include all family members whether travelling alone or as a party. Domestic employees, such as nannies and au pairs can also be included.

## Holiday Home

---

**When it comes to insuring a holiday home it is important to get the right insurance cover in place.**

Whether in the UK or overseas, used exclusively by you and your family, or let out as holiday accommodation to paying guests. Cox Mahon has the experience and wide range of specialist insurer contacts to ensure your holiday home is correctly insured.

# Investment Property

---

**Our experienced team can advise and guide you to the most appropriate policy. You may have an investment portfolio of buy-to-let properties, student accommodation, offices, commercial or industrial buildings.**

We can assist with individual properties through to large portfolios, and for both residential and commercial property landlords.

You may have purchased green or brown field sites for future development – which attracts additional risk exposures, such as property owners liability and environmental impairment liability risks. You may own unoccupied premises – for which special insurance considerations apply. Whatever the risks, Cox Mahon will ensure your bricks and mortar assets as well as your income are protected.

## Motor Insurance

---

**Whether for a fleet of everyday private cars, commercial and farm vehicles, or more specialist high value, performance and classic cars, Cox Mahon can arrange tailored policy cover for your motor insurance requirements.**

Standard motor policies are rarely designed to cover your type of motor car. High value or classic vehicles require more attention when arranging their insurance cover as additional considerations may need to be catered for – such as agreed values.

## Claims

---

This is when you need your broker the most. At Cox Mahon we aim to provide a personal, high-quality claims service. Providing quotations and arranging policy cover is only one part of an insurer broker's role. Our team will be on hand to provide advice and guidance throughout the claim process.
